

Special Management Areas in Sri Lanka

Projected Coordinate System: WGS_1984_UTM_Zone_44N

Projection: Transverse_Mercator

Source: Coast Conservation and Coastal Management Department

Attributes:

Shape	MPA Name	ID	Extent (Ha)	Source	Scale
-------	----------	----	-------------	--------	-------

This dataset represents the boundaries of Special Management Areas in Sri Lanka, obtained from Sri Lankan government designation gazettes and the Coast Conservation and Coastal Management Department in January 2025. The data was collected as part of the Ocean Country Partnership Programme (OCP), a UK government funded initiative, through a project led by Environmental Foundation (Guaranteed) Ltd.

Important Notice: These data layers are intended for reference and conservation planning purposes only. Please do not edit or modify the data. Any changes may compromise the integrity and accuracy of the dataset. For updates or corrections, please contact the Coast Conservation and Coastal Management Department.
